

1. **Sign up** to register with your building management team to activate & receive live streaming video of visitors at your SES panel or entrance and grant them access from your mobile phone
2. Once you have registered, you will receive an automated text message with **Select Entry** video app download instructions and login details to **Sign in** & activate camera services

Sign in screen

Standby screen

3. The 3 line menu in the **standby screen** includes:
 - a. **Change password** prompts
 - b. **Sign out** prompts to unregister and deactivate camera services

When a visitor calls a resident from an SES panel, the resident can do the following from the **Select Entry** mobile video app:

- Speak to visitors at the panel or entrance
- Receive live streaming video of visitors
- Allow or deny entry
- View live HD video
- Manage access while home or away
